SUPPLEMENT DATED NOVEMBER 19, 2026
TO THE PROSPECTUS, SUMMARY PROSPECTUS AND STATEMENT OF ADDITIONAL INFORMATION OF EACH FUND LISTED ABOVE, EACH AS SUPPLEMENTED

On September 11, 2026 and November 6, 2026, the Board of Trustees (the "Board") of GraniteShares ETF Trust (the "Trust"), based upon the recommendation of the Trust's adviser, GraniteShares Advisors LLC (the "Adviser"), determined to liquidate and terminate each of the funds listed above (each, a "Fund" and together, the "Funds"). After considering all the information presented to the Board, the Board concluded that the Funds could not continue to conduct their operations in an economically viable manner, and that it would be in the best interests of each Fund and its shareholders to liquidate and terminate the Fund. Investors may purchase or sell shares of each Fund until the close of regular trading on The Nasdaq Stock Market LLC (the "Exchange") on December 11, 2026 (the "Closing Date"), at which time the shares of each Fund will cease trading on the Exchange. In order to facilitate orderly capital markets activity, the Funds anticipate permitting purchases of creation units until December 9, 2026 and redemptions of creation units until December 11, 2026.

Shareholders may sell their holdings in a Fund prior to the close of regular trading on the Closing Date, and customary brokerage charges may apply to these transactions. Prior to the Closing Date, each Fund will be in the process of winding up its operations in an orderly fashion and liquidating its portfolio. This process will result in each Fund reducing its exposure to its underlying reference asset(s) and increasing its cash holdings, which may not be consistent with the Fund's investment objective and strategy.

On or about December 14, 2026 (the "Liquidation Date"), each Fund will liquidate its assets and distribute cash pro rata to all remaining shareholders who have not previously sold or redeemed their shares, in an amount equal to the net asset value of their shares as of the close of business on the Liquidation Date. These distributions are taxable events. In addition, these payments to shareholders will include accrued capital gains and dividends, if any. Once the distributions are complete, each Fund will terminate. The Adviser will bear all fees and expenses that may be incurred in connection with the liquidation of the Funds and the distribution of cash proceeds to investors in the Funds, other than brokerage fees and expenses.
